

earth **FIRST**

Sustainability for Our Planet & Your Business

Earth First™ is AWS' holistic approach to eliminating or reducing waste and risks of all kinds for our Clients. It's about supporting the sustainability of our clients, community and environment.

As an *Environmental Partner* to our Clients, AWS promises to:

- Effectively Use & Preserve Resources
- Create Solutions that Benefit our Clients, our Communities & our Environment
- Maximize Sustainable Practices and Profits
- Eliminate or Reduce Waste & Risks of all Kinds

As a *Business Partner* to our Clients, AWS offers an entire compliment of services, capabilities, equipment and talent, all aimed toward Delivering to our Clients the *Sustainable Results We Promise*.

- Waste Solutions
- Service Solutions
- Risk Solutions
- Safety Solutions
- Technology Solutions

As a result, our Clients not only improve their own environmental stewardship, but also reduce their costs and increase their convenience and productivity throughout their company. Ultimately, less waste means more profits.

That's why **Earth First™** is a Win-Win for our Environment and our Clients.

Committed to Eliminating Wastes & Risks of All Kinds.™
